## MESSAGE

I am pleased to know that the Dr. Mane Medical Foundation & Research Centre, Ahmednagar has been doing dedicated work for the prevention of Cervical cancer in rural areas of Maharashtra.

It is indeed heartening to note that the Foundation was instrumental in organizing awareness programmes to facilitate early detection, appropriate intervention and follow up of patients suffering from Cervical cancer. I was pleased to know that the Foundation has conducted 274 cancer detection camps in rural areas of Ahmednagar so far and performed 2500 cancer surgeries free of cost for the benefit of the under privileged people.

I congratulate the Dr. Mane Medical Foundation & Research Centre for its efforts towards achieving the goal of Cancer Free India and wish it continued success in its future endeavours.

  
(Bhagat Singh Koshyari)
