To Whom It May Concern,

I am pleased to know that the Dr. Mane Medical Foundation & Research Centre, Ahmednagar has been doing dedicated work for the prevention of Cervical cancer in rural areas of Maharashtra.

It is indeed heartening to note that the Foundation is instrumental in organizing awareness programmes to facilitate early detection, appropriate intervention and follow up of patients suffering from Cervical cancer. I am pleased to know that the Foundation has conducted number of cancer detection camps in rural areas of Ahmednagar so far and performed number of cancer surgeries free of cost for the benefit of the under privileged people.

I congratulate the Dr. Mane Medical Foundation & Research Centre for its efforts towards achieving the goal of Cancer Free India and wish it continued success in its future endeavours.

I am sure that Dr. Swapnil Mane would be a very richly deserved recipient of Jannalal Bajaj Foundation Award. His devotion to the profession and kind behavior would serve to make him a shining model for others in the medical community as well. I am recommending him for this great honor.

Sincerely,

Goraksha Gadilkar (I.A.S.)
Chief Executive Officer
Shri Saibaba Sansthan Trust, Shirdi
