GOVERNMENT OF INDIA

TOWHOM SO EVER IT MAY CONCERN

I would like to express my gratitude to Dr. Swapnil Mane, President & CEO of Dr. Mane Medical Foundation & Research Centre, Cancer Hospital, who is dedicating his work for cancer in rural areas and also weaker section of the Society in Ahmednagar. I understand that about daily 1500 people are dying due to cancer problems and about 28 lakhs affected each year. Cervical cancer is the leading cancer among women in rural India. There is considerable excess mortality from cervical cancer in India relative to the world, and the South Asia Region. It is a first of its kind in rural India. I thank the efforts of the Hospital for fighting with cancer patients.

I wish him all success for his future endeavours,

(RAMDAS ATHAWALE)
